HDCI Metro Atlanta

Initiative Overview

Goal:

Develop regional, **employer-led** sector partnerships **in healthcare, IT and TDL** that address the needs of employers and job seekers, improves regional collaboration and coordination, and supports the regions and the State's workforce and economic development goals.

Process:

- **Analyze available data** to understand current and future workforce needs in these sectors.
- **Engage employers**, and other key partners in creating an infrastructure to support regional workforce development work.
- **Identify, “promising practices”, partnerships, initiatives** and needs that should be supported and expanded regionally.
- **Organize and address priority workforce needs** in these sectors.

About HDCI-MA

- HDCI-MA focuses on one goal: Understanding and responding to employer workforce needs.
- This is accomplished by connecting businesses with a partner network that prioritizes workforce needs, leverages resources and delivers services and programs that prepare qualified workers.
- HDCI-MA is open to all interested employers and workforce partners.
