DIVERSITY CYBER COUNCIL
SECURING ACCESS TO OPPORTUNITY

CYBERSECURITY APPRENTICESHIP PROGRAM

Diversity Cyber Council is a 501c3 Non-Profit Corporation that serves disadvantaged communities by facilitating the education, training, and staffing of underrepresented groups in cybersecurity to establish a diverse talent pipeline to the cyber workforce

A NEW MODEL FOR CYBERSECURITY EDUCATION AND EMPLOYMENT

EARN CERTIFICATIONS, EDUCATION, AND SKILLSETS FOR ENTRY INTO A COMPETITIVE CAREER IN CYBERSECURITY AND TECHNOLOGY

Program Description

The Cybersecurity Workforce Development Program reinforces a path for apprentices to acquire the skills and experience that fast tracks development and access to an entry-level technology position. The programs combine the educational with the practical by offering instructor-led and on-the-job training over 52 weeks, reinforcing apprentices' ability to develop skills and enhance learning aptitudes more efficiently.

Value to Apprentices

- Apprenticeship wages start at 15/hr.
- Be showcased to fortune-500 companies for employment
- Opportunity to earn top tier CompTIA certifications
- Gain access to a personal career mentor and other community support resources
- Reduced rent opportunities for eligible candidates (conditions apply)
- The apprenticeship is 100% FREE – all we are asking you to invest is your time and effort.

Eligibility Requirements

- Be 18 years of age or older
- Commitment and availability for the entirety of the program – 52 Weeks
- Qualify as a military veteran; woman; a personwith a disability, or racial minority
- Complete the apprenticeship program application line
- Possess a drivers license or state ID for identification purposes
- Consent to a background check
- Pass the cyber apprenticeship intake assessment

Interested candidates that meet the eligibility requirements can email support@diversitycybercouncil.com or can apply directly on our website at:
