

**“Career Pathways” Panel 05/31 2:45-3:45pm ET**

*Tech Administration*

**Objective:** Sparking excitement about STEM through exploration of career pathways. This interactive session will be opened by the moderator introducing each speaker with your headshot and bio. Following this please take about 1-3 minutes to say hello to the students.

**Students:** We have 27 total youth (ages 18-24) in two markets in Long Island, NY, Atlanta, GA, with some of these students attending virtually. ***These students are eager-to-learn and seeking an entry-level career in Technology.*** Students will engage in learning about career paths and career journey from guest speakers who are previous program graduates.

We will encourage participants to ask questions.

**Focus:** Today is day one of the program where participants have learned how to utilize the online learning platform, Microsoft Teams and 0365. We hope this session will inspire students to pursue careers in Technology.

**Suggested Panelists:**

Armani Grant, UpSkill NY Graduate, Web Administrative Assistant

Jaeda Gant, UpSkill NY Graduate, Office Assistant Village of Southampton

Chloe Lamb, Program Manager of We Connect the Dots, Inc, Nebula Academy Student

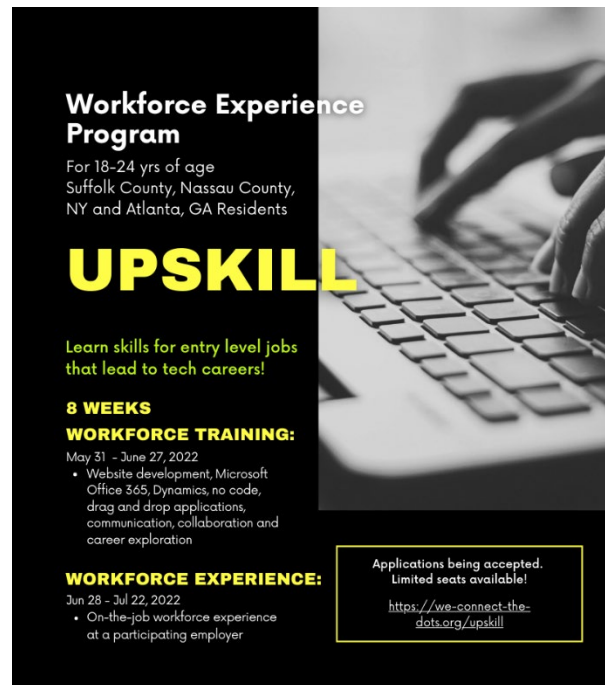

To be determined

To be determined
