## MAX LEADERSHIP NETWORK CHARTER

### PURPOSE

The MAX Leadership Network convenes regularly to strengthen our collective capacity as workforce developers to meet the needs that employers have for a ready workforce. The Leadership Network plays a critical role in helping MAX achieve its goals as determined by the MAX Board of Directors.

1. Improve alignment within the workforce ecosystem to better meet the needs of providers, employers, and jobseekers.
2. Increase awareness and visibility of workforce development system assets and opportunities.
3. Provide opportunities to increase quality, capacity, and effectiveness of Atlanta's workforce system.
4. Serve as a sustainable, neutral, third party convener for workforce developers, employers and organizations engaged in workforce development.

### COMPOSITION

The Leadership Network is comprised of senior-level workforce leaders who represent nonprofit community-based organizations, technical colleges, state agencies, local workforce boards, employers, chambers of commerce, intermediaries, and other key partners in workforce. Members of the MAX Board of Directors, MAX Data Council, and MAX Provider Council shall have automatic membership in the MAX Leadership Network. Leadership Network members shall be members of the MAX Association in good standing.

The MAX Board of Directors Vice Chair shall oversee the efforts of the Leadership Network. New members may join the network with the approval of the MAX Vice Chair.

### ROLE

The Leadership Network serves as a think tank for identifying and exploring best practices and for bringing about collective action and impact. Members of this network come together to jointly do the following:

- Learn more about who is doing what, where, and for whom
- Explore common issues and opportunities, and share ideas for building solutions
- Make new connections and catalyze partnerships
- Keep each other updated and informed on ways we can help each other

### TIME COMMITMENT

Members are asked to attend meetings every other month.
